The image displays a vertical sequence of 22 rows, each containing a horizontal string of cuneiform-like symbols. The rows are numbered 1 through 22 on the left side. The symbols themselves are stylized, wedge-shaped marks arranged in various patterns. From top to bottom, the sequences show a progression of different symbol sets. Some rows feature more complex or dense arrangements of symbols, while others have fewer or simpler ones. The overall effect is one of a developing linguistic or symbolic system over time.

Seconde stèle, KRI I, pp.15-16
